PRESS COMMUNIQUÉ No 80.

Fort St. George, November 1, 1940.

No. 96.

His Majesty the King-Emperor has expressed the wish that remembrance of the glorious dead should once again be commemorated on the anniversary of the Armistice by a complete cessation of all normal business throughout the British Empire during a two minutes' silence commencing at 11 a.m. on Monday, the 11th November, 1940. Rail and water transport will not be suspended. In order that the ceremony may be synchronized throughout the British India, the Governor-General has suggested that 11 a.m. should be adopted everywhere for the commencement of the silence. There will be a complete suspension of work in all public offices in the Presidency during the two minutes and it is hoped that all local authorities and heads of firms and businesses will as far as possible make similar arrangements.

2. A signal will be given by a gun from Fort St. George, Madras, at 11 a.m. on the 11th November 1940. This gun will take the place of the 4 o'clock gun for that day. A second gun

will be fired from the Fort ramparts at 11-02 a.m. To enable the public to synchronize their time a gun will be fired in the morning at 9 o'clock. Ecclesiastical authorities will be asked to arrange that church bells should be rung for five minutes ceasing exactly at 11 a.m. unless the ringing of the bells will disturb a service. The Manager of the Madras Electric Tramways will be asked to arrange for the stopping of trams and the Police will stop other traffic in the streets. It is hoped that in all offices, shops and other places of business a complete suspension of work will be observed.

It is hoped that for any ceremony in connexion with the Armistice Day all ex-service officers and men and members of the Nursing Service and other women will mark the occasion by wearing with civilian dress, medals and decorations which have been awarded to them. Holders of War medals and decorations awarded to relatives of deceased soldiers, etc., have permission to wear them on the right breast.

THE WORKMEN'S COMPENSATION (SUPPLEMENTARY ALLOWANCES) ACT, 1940.

(3 & 4 GEO. 6, CH. 47.)

CHAPTER 47.

An Act to provide for the payment of supplementary allowances to workmen entitled to weekly payments by way of compensation under the Workmen's Compensation Act, 1925, and for purposes connected therewith.

[5th August 1940.]

BE it enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Supplementary allowances to workmen entitled to weekly payments. 15 & 16 Geo. 5, c. 84.

1. (1) Subject as hereinafter provided, where any workman is at any time while this Act is in force entitled to a weekly payment by way of compensation under the Workmen's Compensation Act, 1925 (which Act, as amended by any subsequent enactment, is referred to in this Act as "the principal Act"), he shall, whether the accident giving rise to the compensation happened before or after the commencement of this Act, be entitled, in respect of each week after the commencement of this Act in respect of which he is entitled to the weekly payment, to—

(a) a supplementary allowance at a rate not exceeding ten shillings a week; and

(b) in the case of a male workman who has children under the age of fifteen years a supplementary allowance in respect of each such child at a rate not exceeding four shillings a week for the eldest or only child under that age and for the second child under that age, and not exceeding three shillings a week for any additional child under that age.

(2) Where the weekly payment is in respect of total incapacity or equals the amount which would be payable to the workman in the case of total incapacity resulting from the injury, any such allowance shall be the maximum allowance specified in the foregoing sub-section, and in any other case shall bear the same proportion to the maximum allowance as the weekly payment bears to the amount of the weekly payment which would be payable to the workman in the case of total incapacity:

Provided that the total amount of the supplementary allowances payable in respect of any weekly payment shall not exceed such sum as would, together with the said weekly payment, amount—

(a) in the case of total incapacity, to seven-eighths of the average weekly earnings of the workman before the accident, calculated in like manner as for the purpose of ascertaining the weekly payment; or

(b) in the case of partial incapacity, to seven-eighths of the difference between the amount of his said average weekly earnings of the workman before

the accident and the average weekly amount which he is earning or is able to earn in some suitable employment or business after the accident.

Any reference in this sub-section to the average weekly earnings of the workman before the accident shall be construed, in a case where the amount of the weekly payment is increased as a result of a review under sub-section (2) of section eleven of the principal Act, as a reference to the weekly sum which he would probably have been earning at the date of the review if he had remained uninjured.

(3) The supplementary allowances shall be deemed to be part of the said weekly payment for all purposes except—

(a) the calculation of the compensation payable in a case where death results from the injury;

24 Geo. 5 & 1 Edw. 8, c. 32. (b) the provisions of section fifty-one of the National Health Insurance Act, 1936 (which limits the benefit payable under that Act in cases where compensation is payable under the principal Act);

and the allowances shall accordingly be payable by the employer liable to make the weekly payment:

Provided that the provisions relating to the redemption of weekly payments shall have effect subject to the modifications contained in the next following section of the Act

(4) Any workman who is entitled while this Act is in force to two or more concurrent weekly payments shall be entitled to supplementary allowances in respect of each such weekly payment.

Provided that the aggregate of such allowances shall not exceed the maximum allowances respectively specified in paragraph (a) and paragraph (b) of sub-section (2) of this section and where, but for this provision, the aggregate would exceed those maximum allowances and the weekly payments are not all payable by the same person, the several persons liable to make the weekly payments aforesaid shall only be liable to pay such allowances as bear to the said maximum allowances the same proportions as their respective weekly payments bear to the aggregate of the weekly payments.

(5) In this section the expression "child" means, in relation to a male workman entitled to a weekly payment,—

(a) any legitimate or illegitimate child born to him not later than nine months after the accident giving rise to compensation,

(b) any stepchild, being a legitimate child whose mother was married to him before the accident; and

(c) any child adopted before the accident by him, or by him and his wife jointly, in pursuance of an adoption order made under the Adoption of Children Act, 1926, or the Adoption of Children (Scotland) Act, 1930, or the Adoption of Children Act (Northern Ireland), 1929.

16 & 17 Geo. 5. c. 29. 20 & 21 Geo. 5. c. 27.

Provisions as to redemption

2 (1) Such of the provisions of section thirteen of the principal Act as relate to the method of calculating the lump sum for which a weekly payment may be redeemed, where the incapacity is permanent, shall not apply to the redemption of supplementary allowances, and the amount of the lump sum for which any such allowances may be redeemed shall, in default of agreement and subject to the following provisions of this section, in all cases be settled by arbitration under the principal Act.

(2) The representative committee, arbitrator or judge of a county court, to whom the settlement of the amount to be paid for the redemption of any supplementary allowances is referred shall not proceed with the matter unless the committee, arbitrator or judge, as the case may be, is satisfied that, having regard to the circumstances of the case including the interests of any children in respect of whom allowances are payable, the allowances can properly be redeemed.

(3) The registrar of the county court to whom a memorandum of an agreement for the redemption of any supplementary allowances has been sent, shall, unless he is satisfied that, having regard to the circumstances of the case including the interests of any children in respect of whom allowances are payable, the allowances can properly be redeemed, refuse to record the memorandum and shall refer the matter to the judge who shall likewise refuse to record the memorandum unless he is satisfied as to the matter aforesaid:

Provided that this sub-section shall not be taken as prejudicing any power of the registrar or judge under the principal Act to refuse to record any such memorandum as aforesaid.

(4) The representative committee shall not approve, for the purposes of any order made under section twenty-eight of the principal Act, any agreement for the redemption of any supplementary allowances, unless the committee is satisfied as to the matter aforesaid

(5) Where for the purposes of any of the following enactments, that is to say—

(a) sub-section (3) of section seven of the principal Act;

(b) sections seventy-eight and two hundred and sixty-four of the Companies Act, 1929; and

19 & 20 Geo. 5. c. 23. 24 & 25 Geo. 5. c. 23. (c) sub-section (2) of section three of the Workmen's Compensation (Coal Mines) Act, 1934;

it is necessary to ascertain the amount of the lump sum for which any weekly payment which includes supplementary allowances could be redeemed those enactments shall have effect subject to the provisions of sub-section (1) of this section, but the foregoing provisions of this section, other than sub-section (1), shall not apply.

(6) Where any weekly payment is redeemed but not the supplementary allowances payable in respect thereof those allowances shall continue to be payable as if the weekly payment had not been redeemed, and the provisions of the principal Act relating to reviews of weekly payments and periodical submission to medical examination and otherwise shall continue to apply for the purpose of ascertaining the amount which the weekly payment would have been at any time if it had not been redeemed, and of adjusting the supplementary allowances accordingly.

Employers may be required to furnish information.

3. (1) Any employer against whom a claim for supplementary allowances is made may by notice in writing require the workman to make a declaration in such form as may be prescribed by the Secretary of State and containing such information as may be necessary for the purposes of this Act as to any children in respect of whom allowances are claimed and as to any other weekly payment by way of compensation under the principal Act, and any supplementary allowances payable in respect thereof, to which the workman is entitled, and any employer liable to pay supplementary allowances may by notice in writing require the workman to make, on any occasion on which the supplementary allowances are due, a declaration in such form as may be so prescribed containing such information as may be necessary to enable the employer to ascertain whether there has been any material change of circumstances; and if the workman, without reasonable cause, fails to make the declaration within a period of fourteen days from the service of any notice under this sub-section, his right to the allowances shall be suspended as from the expiration of that period until the declaration is made and no allowances shall be payable in respect of the period of suspension.

(2) Any person who, for the purpose of obtaining a supplementary allowance for himself or any other person or of increasing the amount of any such allowance, knowingly makes any false statement or false representation, shall be liable, on summary conviction, to a fine not exceeding twenty pounds or to imprisonment for a term not exceeding three months or to both such fine and such imprisonment, and where any allowances have, in consequence of any such false statement or representation made in writing by the workman or with his knowledge, been paid in excess of the amounts to which the workman was entitled, the employer liable to pay the allowances shall, without prejudice to any other method of recovery, be entitled to deduct the amount of the excess from any future payments of allowances.

Proof of age and marriage

4 (1) Where for the purposes of this Act the age or marriage of any person is required to be ascertained or proved, any person shall—

(a) on presenting a written requisition in such form and containing such particulars as may be prescribed by the Minister of Health or, as respects Scotland, by the Secretary of State, and

(b) on payment of a fee, in the case of a birth certificate, of six pence, and in the case of a marriage certificate, of one shilling

(3) Forms for such requisitions as aforesaid shall on request be supplied without any charge by every registrar of births and deaths, and by every superintendent registrar or other person having the custody of the register.

Provision with respect to certified schemes.

5. (1) If it appears to the Registrar of Friendly Societies that any scheme duly certified by him under sub-section (3) of section thirty-one of the principal Act no longer conforms to the conditions stated in that sub-section by reason of the provisions of this Act, he shall make such amendments of the scheme as may in his opinion be necessary to render the benefits thereunder, after discounting any additional benefits arising as the result of contributions by the workmen, not less favourable to the workmen than the benefits provided by the principal Act as amended by this Act.

(2) Where the Registrar has amended any such scheme, the amendments shall have effect as from the commencement of this Act, and the certificate given by the Registrar in respect of the scheme shall continue to apply to the amended scheme.

Provision with respect to other schemes applying to workmen suffering from silicosis and certain other industrial diseases. 20 & 21 Geo. 5. c. 19.

6. This Act shall apply in relation to workmen entitled to compensation under any scheme made by the Secretary of State under the provisions of section forty-seven of the principal Act and of the Workmen's Compensation (Silicosis and Asbestosis) Act, 1930, subject to such adaptations, modifications and exceptions as may be contained in the scheme or in an amending scheme made under those provisions.

Consequential adaptation of Assurance Companies Act, 1909. 9 Edw. 7. c. 49.

7. The Board of Trade may by order make such adaptations and modifications of the Fourth, Sixth and Eighth Schedules to the Assurance Companies Act 1909 (which contain certain forms of statement, rules and requirements relating to employer's liability insurance business) as appear to the Board to be necessary or expedient in consequence of the provisions of this Act.

Short title, construction, commencement and extent.

(2) This Act shall come into operation on the nineteenth day of August nineteen hundred and forty.

Madras Commerce Report for the month of September 1940.

In the Madras commodity markets, prices of foodgrains continued to advance during September, but were offset by a further weakening in the prices of non-edible products taken as a whole, with the result that the index number of wholesale prices remained steady at 106, the index for the foodgrains group rising by one point to 113, and the index for the commercial products group declining by one point to 99. The cotton market showed an upward tendency and quotations were firm during the second half of the month in sympathy with trends in the Branch and upcountry markets in spite of heavy arrivals. There was a good demand during the month for tanned hides and an improved enquiry for buff and raw calf. The tanned sheep and tanned goat skins markets underwent little change during the month and, in some cases, prices eased slightly, though there were larger sales of special tannages and selections to the United States of America. The groundnut market was steady on a result of some demand on account of Calcutta buyers and local buyers for crushing. The market for paddy and rice was firm and prices showed an upward tendency. The Calicut coir yarn market was steady as a result of moderate European demand, but the Cochin coir yarn market continued lifeless in the absence of demand. The demand for copra and coconut oil improved and at the close of the month the market was active. The ginger market was fairly steady as a result of some Indian demand. The Calicut pepper market was also steady. The Madras sugar market was steady

with moderate demand and prices improved a little. The demand for locally manufactured acids and chemicals was normal.

GROUNDNUT.

The groundnut market was steady mainly on local support. The average wholesale prices of standard varieties per candy of 531 lb. at the main producing centres were as follows :—

9th August 1940—Rs. 20-8-0 to Rs. 23.

27th September 1940—Rs. 21 to Rs. 20-4-0.

PADDY AND RICE.

The market for paddy and rice was firm and prices showed an improved tendency towards the end of the month. The average wholesale prices of standard varieties at the main producing centres were as follows :—

Indian paddy per bag of 170 lb.

9th August 1940—Rs. 5-14-0 to Rs. 6-6-0.

27th September 1940—Rs. 6-4-0 to Rs. 6-9-0.

Indian rice per bag of 170 lb.

9th August 1940—Rs. 8-12-0 to Rs. 9-8-0.

27th September 1940—Rs. 9 to Rs. 9-8-0.

Hungon rice, raw, broken, A-1, per bag of 220 lb.

31st August 1940—Rs. 9-8-0, Madras.

30th September 1940—Rs. 9-12-0, Madras.

Calcutta rice (Nagara), boiled, per bag of 164 lb.

31st August 1940—Rs. 9-6-0, Madras.

30th September 1940—Rs. 10, Madras.

COCONUT PRODUCTS.

The market for Quilandy soaked yarn was fairly steady throughout the month as a result of fair European demand. Owing to European and Indian demand, the market for Purpore yarns improved and closed firm. The Calicut unsoaked yarn market remained steady throughout the month owing to moderate European demand. The Cochin coir yarn market was listless owing to the absence of European demand and very restricted Indian demand. Copra and coconut oil were absorbed freely by Indian dealers and prices improved in an active market.

COTTON.

Tinnevellies.—Arrivals were again fair during September and qualities in general were satisfactory. South Indian mills, and Coimbatore mills in particular were eager buyers of ordinary. Timnevelly and there was a fair turnover at prices around Rs. 190 per candy of 784 lb. though during the last few days of the month prices of from Rs. 200 to Rs. 210 were realised. There was a slight enquiry from Calcutta, but other Indian mill centres and foreign countries were disinterested.

Cambodia.—Arrivals were rather small during September and only few first-crop lots were released. Coimbatore mills were the main buyers at prices ranging from Rs. 210 to Rs. 220 for second crop. There were no enquiries from outside Southern India.

SUGAR.

The Madras sugar market was better due to low stocks with wholesalers, good demand from upcountry markets and dispatches to Bombay. Prices increased by about 4 annas per cwt. The Indian Sugar Syndicate released a quota of about 13 lakhs of bags, which was slightly more than required, but still the market continued steady with moderate demand. The market later declined owing to heavy arrivals and dull demand, but closed steady with an improved offtake. The prices of Nellikuppam sugar was Rs. 21-0-0 per bag of 2 cwt. at the end of September as compared with Rs. 20-10-0 at the end of August. West Coast markets opened steady, but as the demand was slack, prices declined slightly. Later demand was satisfactory, and as monsoon conditions were over, dealers were desirous of increasing their stocks and consequently there was better enquiry in the second fortnight. Other South Indian markets were steady with good demand for ready sugars owing to an increase in demand due to festivals.

HIDES AND SKINS.

Tanned hides.—There was a good demand throughout the month, especially for heavier average parcels for which prices were firm. Arrivals coming into the market were inclined to be on the light side. There was an improved enquiry for both buff and cow calf and prices were inclined to be firmer.

Tanned goat and tanned sheep skins.—There was little change in both markets during the month. Though larger sales of tanned goat and tanned sheep and especially, the former, were made to the United States of America. These were for special tannages and selections and quite a fair amount of business was done during the month. Prices in Madras for both tanned goat and tanned sheep were on an average about Re. 1 per lb lower than pre-war prices, the more noticeable drop being on lower grades and poor tannages, whereas prime tannages, especially in tanned sheep, have not decreased to such an extent. The public auctions in London were held in the middle of the month and prices were unchanged from those obtained in the auction at the end of July. Only a small quantity of tanned goats amounting to about 30,000 skins were sold and these contained only prime and best tannages. In tanned sheep, the auctions closed similarly to goats with prime and best tannages selling at previous sale rates, but, where sales were made, fair and ordinary lots and some parcels of rejections, were at easier prices.

REVENUE NOTIFICATIONS.

Rules for the export in bond of spirituous preparations to Afghanistan from the Province of Madras.

No. 13.—In virtue of the powers delegated in Government Notification No. 485, dated 19th July 1926, the Board of Revenue hereby prescribes under section 29 (2) (j) of the Madras Abkari Act I of 1886, as subsequently amended, the following rules for the export in bond of medicinal and toilet preparations containing rectified spirit manufactured in the Province of Madras to Afghanistan through Land Customs station at Torkham :—

Rule 1.—The manager of a bonded manufactory licensed in the Province of Madras intending to export medicinal and other preparations containing rectified spirit to Afghanistan shall apply for an export-in-bond pass to the Collector of the district in which the bonded manufactory is situate and shall also execute a special bond before the Collector binding himself in respect of the consignment to be despatched—

(1) to produce an export certificate from the Frontier Customs Officer, Peshawar; and

(2) to pay such duty as may be demanded from him in accordance with the provisions made herein below.

Rule 2.—On compliance with the provisions of rule 1 the Collector will have seven copies of an export-in-bond pass prepared in the form appended to these rules, the goods shall be sealed with his seal and delivered to the manager or his agent together with the original and quintriplicate copies of the pass with instructions to make over the latter copy to the Afghan Customs House across the border. At the same time, the duplicate and triplicate copies of the pass shall be forwarded by the Collector to the Frontier Customs Officer at Peshawar and the sixth and the seventh copies despatched to His Britannic Majesty's Minister in Kabul with a request to transmit the same to the Afghan Ministries of National Economy and Health. A specimen of the seal of the Collector in duplicate and triplicate copies of the pass shall be sent to the Frontier Customs Officer at Peshawar. The particulars in columns (1) to (7) of the export-in-bond pass shall be given by the Pharmaceutical Officer concerned. The exporter shall be responsible for the value of the goods, the gross weight of the packages and the contents of

the packages. The Collector shall copy these particulars in the export-in-bond pass on the strength of the statements of the Pharmaceutical Laboratory Officer and the exporter.

Rule 3.—The details of the goods covered by such passes shall be entered by the Collector in a separate register to be maintained for the purpose.

Rule 4.—Goods after arrival at Peshawar must be brought to one of the repacking depots at that station regardless of whether they require repacking or not, the Frontier Customs Officer or his subordinate appointed for the purpose shall verify that the seals are intact and the goods correspond with the description on the duplicate and triplicate copies of the pass. He shall also check the particulars in these copies with the particulars in the original copy of the pass. If the goods are required to be repacked, the Frontier Customs Officer shall allow this to be done and shall reseal them under his supervision. He shall then endorse on each copy of the pass details of any changes in the number or description of the packages involved by such repacking and shall allow the goods to be removed. After sealing he shall give his certificate of identification and sealing in the space provided therein for the purpose. He shall also place the triplicate copy of the pass in a sealed cover and deliver it on receipt along with the original copy to the Manager or his agent in charge of the goods with instructions to hand over the same to the Border Examiner, Torkham.

Rule 5.—The goods must then be produced before the British Border Examiner at Torkham who will identify them and verify that the seals on the goods are intact. After verification, he shall affix his signature to the appropriate certificates both in the owner's original and the triplicate copies of the pass.

Rule 6.—The goods together with the two copies of the pass referred to in the preceding rule will then be produced before the Afghan Government Official at the Frontier who after satisfying himself will affix his signature to the appropriate certificate in both the copies of the pass.

Rule 7.—The owner will return the original copy but will return the triplicate to the British Border Examiner who will transmit the same to the Frontier Customs Officer at Peshawar. The latter officer will then sign the export certificate on the duplicate copy of the pass and send it to the Collector of the district who issued it. The triplicate copy of the pass shall be kept in the Frontier Customs Office.

Rule 8.—In order to secure discharge from the liability of his bond executed in respect of the consignment, the Manager of the Bonded Manufactory must produce before the Collector the original copy of the pass signed and certified as provided for in these rules. Before discharge, the Collector shall compare the original copy of the pass produced by the Manager with the duplicate received from the Frontier Customs Officer, Peshawar, and the quadruplicate on record in his office. If the certificate shows that the consignment has been exported in full, the Collector shall order that the bond in respect of the consignment has been discharged. In the case of any deficiency unless it is satisfactorily explained the exporter shall have to pay duty at the tariff rate on the total deficiency. The exporter shall pay before export, the supervision charges, if any, that may be levied by the Government of India.

Rule 9.—The details of all goods dealt with under these rules shall be entered by the Frontier Customs Officer Peshawar, and the Border Examiner at Torkham in separate registers to be maintained for the purpose.

NOTE.—(1) A further quantity of about 100 tons which has not been classified as yet will also be offered for sale.

(2) A detailed list showing the actual quantities in each class will be given to each bidder before the commencement of the sale.

2. The wood has been classified according to the classes noted above and intending purchasers are advised to inspect the wood before the sale, as no alteration in the classification will be allowed nor will complaints of any kind be admitted.

3. Each class of wood has been stored in the sandalwood godown separately in bulk because accommodation is limited. Each class of wood will be offered for sale in lots of 15, 10 or 5 tons as convenient. Delivery will be made from bulk stocks as purchasers arrive to take delivery. Bids will be per ton of each class of wood. The bids shall be advanced in multiples of Rs. 5 per ton and not less.

4. The sale will be subject to confirmation by the Conservator of Forests, Coimbatore Circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash, immediately before the sale, this should preferably be in the form of Madras notes for Rs. 100 or Rs. 500. A receipted treasury chalan for the amount will also be accepted. A cheque may be accepted from old established bidders only for the amount at the discretion of the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the purchase price as provided in condition 8.

7. Each purchaser shall, immediately a quantity is knocked down to him sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission on his part of his having purchased that particular quantity and of having accepted the conditions of the sale notice. No person will be allowed to deposit and bid jointly at the sale.

8. Immediately the sale is over, each purchaser, if his offer for any definite quantity has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount into the Imperial Bank of India at Coimbatore or the Reserve Bank of India at Madras, within fifteen days of receipt at the order of confirmation of the sale and another 25 per cent before 25th January 1941, the balance of 50 per cent less the earnest money deposit being paid on or before 28th February 1941, or against delivery whichever is earlier. Should any purchaser fail to make the necessary remittances by the due dates the money already remitted shall lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at

the risk of the purchaser who shall be liable for any loss but shall not participate in any profit which may arise by the resale.

9. After 50 per cent of the entire sale value has been paid to the credit of the Forest department, delivery of the sandalwood may be made to the purchaser, provided that until payment has been made in full, delivery shall not exceed the quantity paid for, less an amount equal in value to 25 per cent of the full purchase price.

The delivery will be by full lots at a time and no lot will be delivered by portions.

10. On the purchaser's presenting chalans as proof that 50 per cent of the entire sale value has been paid, a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 9 supra. If however, proof is produced that the entire sale value has been paid the whole of the sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 10th March 1941.

11. The accepted bidders, when deputing their agents to take delivery must furnish each agent with a power-of-attorney duly stamped and bearing the signature of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

12. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department must be accepted.

13. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the weeks allowed in clause 10, demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

14. No sandalwood shall be removed from the depot till a licence to remove it, signed by the officer of the Forest department, who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the district "Sale hammer" mark.

15. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

16. The purchaser shall bear the cost of taking delivery of sandalwood which work will be done only by labour supplied by the officer in charge of the depot. The wood purchased by such purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

17. Each intending bidder, unless specially exempted by the Conservator of Forests, Coimbatore Circle, Coimbatore on an application made in writing at least fifteen days before the date of sale must produce a solvency certificate signed by a responsible Revenue Officer of the district in which he resides; and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificates. In lieu of the solvency certificates the bidders may deposit cash with the officer conducting the sale and they will be permitted to bid up to the value of cash deposited.

18. The purchaser should give at least seven days' notice of his intention to take delivery, to the District Forest Officer, Coimbatore North, Coimbatore, supported by bank remittance in token of payment. No delivery will be made on holidays.

19. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

20. The full quantity of wood advertised for sale will not necessarily be put up to auction.

21. Further particulars can be had on application to the District Forest Officer, Coimbatore North Division, Coimbatore.

Each class of wood will be offered for sale separately in lots of 20, 15 or 10 tons or less if convenient, such lots merely consisting of a certain quantity of the class of wood then being sold. Bids will be per ton of each class of wood.

The bids shall be advanced in multiples of Rs. 5 per ton and not less.

4. The sale will be subject to confirmation by the Conservator of Forests, Salem Circle, who does not bind himself to accept the highest or any bid.

5. Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs. 500. A receipted Government treasury chalan for the amount will also be accepted. In the case of intending bidders who have previously bought sandalwood from the Forest department, a cheque on the Imperial Bank of India for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale. This amount (the earnest money deposit) will be retained as security for the due fulfilment of the conditions 9 and 10 infra.

6. If two or more persons in partnership attend the sale with the intention of purchasing wood jointly, only one member of the partnership will be recognized for purpose of bidding and the deposit will be accepted in his name.

7. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is over, and that of successful bidders will be credited towards the third instalment of the purchase price.

8. Each purchaser shall, immediately a lot is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission on his part of his having purchased that particular lot and of having accepted the conditions of the sale notice.

9. Immediately the sale is over, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due from him. He shall remit 25 per cent of this amount into any of the Government treasuries in the district of North Arcot or the Imperial Bank of India at Vellore or the Reserve Bank of India at Madras,

within twenty-one days of the confirmation of the sale and another 25 per cent before the 15th January 1941, the balance of 50 per cent less the earnest money deposit referred to in condition 5 supra, being paid on or before 22nd February 1941 or against delivery, whichever is earlier should any purchaser fail to make the necessary remittances by the due dates, the money already remitted will lapse to Government and the District Forest Officer will be at liberty to resell the wood in question at the risk of the purchaser who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

10. After 50 per cent of the entire sale value has been paid to the credit of the Forest department, delivery of the sandalwood shall be made to the purchaser provided that until full payment has been made a quantity of wood equivalent to 25 per cent of the full sale value shall remain unremoved, but paid for.

The delivery will be by full lots at a time and no lot will be delivered by portions.

11. On the purchasers presenting chalans as proof that 75 per cent of the entire sale value has been paid a proportion of the wood purchased will be weighed in his or his agent's presence and the quantity handed over to him as provided for in condition 10 supra. If, however, proof is produced that the entire sale value has been paid, the whole sandalwood purchased will be weighed and handed over. The purchaser must take delivery of and remove the whole of the wood sold to him on or before the 5th March 1941.

Should any excess over the quantity paid for be found in the quantity purchased when weighing at the time of delivery, the excess will be paid for by the purchaser at the rate at which it was originally purchased before effecting removal. If any one purchaser has purchased more than one lot or class and if there is any excess in one lot or class and a deficit in the other, when weighing at the time of delivery on a particular day, the value of the deficit noticed calculated on the rate at which the main lot or class was sold will be adjusted towards the value of the excess quantity noticed in the other lot or class as the case may be, and the balance, if any, still due from the purchaser will be collected before permitting him to remove the quantity delivered during the day. If, however, the net quantity delivered results in a deficit on account of dryness over the recorded quantity at the time of sale, the value of the deficit quantity at the purchased rate will be refunded to the source.

12. The accepted bidders, when deputing their agents to take delivery, must furnish each agent with a power-of-attorney duly stamped and bearing the signatures of the person so deputed. A copy of the power-of-attorney must also be sent to the District Forest Officer by post, with four specimen signatures of the agent. Failing this, delivery may be refused pending verification, in which case the delay will count against the accepted bidder.

13. No further cleaning or classification of sandalwood will be undertaken by the Forest department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest department, must be accepted.

14. After the wood has once been weighed and handed over, if the purchaser fails to remove all the wood within the period allowed in clause 11, demurrage will be charged at the rate of Rs. 2 per ton per diem from the last date fixed for delivery until the wood is finally removed.

15. No sandalwood shall be removed from the depot till a licence to remove it signed by the officer of the Forest department, who delivered the wood, shall have been obtained and till every piece of sandalwood (but one be stamped bears the department's 'sale hammer' mark.

16. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

17. The wood purchased by each purchaser shall be on the depot at the purchaser's risk from the date of sale until it is removed.

18. The purchaser shall bear the cost of taking delivery of sandalwood. The depot contractor will supply the required labour for taking delivery of the wood. No persons other than those supplied by the contractor will be allowed to enter in the depot premises.

19. Each intending bidder unless specially exempted by the Conservator of Forests, Salem Circle, Salem, as an application made in writing at least fifteen days before the date of sale, will produce a solvency certificate specifying the maximum up to which he is solvent signed by a responsible Revenue Officer of the district in which he resides and the District Forest Officer holding the sale may refuse to allow any bidder not so exempted to bid beyond the amount guaranteed in such certificate. In lieu of the solvency certificate the bidders may deposit cash with the officer conducting the sale and they will be permitted to bid up to the value of cash deposited.

20. The purchaser should give at least seven days' notice of his intention to take deliveries to the District Forest Officer, Vellore West, Tiruppattur, supported by bank remittance in token of payment. No delivery will be made on holidays.

21. Any supplementary conditions that may be found necessary will be added and read out at the time of auction.

22. The full quantity of wood advertised for sale will not necessarily be put up to auction.

23. Further particulars can be had on application to the District Forest Officer, Vellore West Division, Tiruppattur, North Arcot.

District Forest Officer, Vellore West.
